LETTER OF RECOMMENDATION

SUBJECT; DAVE MICHAEL GRAY - DESIGN GROUP

I have known Mr. David M. Gray since 1977; which was the year that I purchased a home-owners lot in Fountain Hills.

As we were anxious to start construction of our home at 16829 Jacklin Drive, I inquired throughout the area as to the architectural qualifications of David Gray.

I discovered that David Gray was not only considered one of the outstanding young men in our Community, but that he had an excellent design and business reputation. When I first contacted him, he had already received a "stamp of approval" on numerous residential and commercial buildings in Fountain Hills.

Mr. David Gray drew the plans for our home, and we are still very pleased with the results of his outstanding work. He was pleasant to work with and very cooperative in the exchange of ideas and proposals which we made during before and during construction.

From my personal experience, I recommend Mr. David Gray to anyone who might wish to engage his firm.
