Gentlemen:

It is my pleasure to highly recommend the D. Michael Gray Design Group as superior architectural constructionists.

They were responsible for designing and constructing my home at 15617 N. Audubon place, here in Fountain Hills. Their architectural design went beyond what I had in mind for a home in that they were able to come up with plans that took a difficult hill side lot and produced a charming home with a maximum use of the views that makes Fountain Hills so unique.

The most impressive aspect of their design is the expertise and skillful use of their experience as designers which resulted in a house that is minutely detailed for maximum comfort and convenience. I really am very satisfied with the results and my satisfaction grows with time.

Sincerely Yours,
